

City of Dauphin

Dauphin

DRAFTSPERSON

The Opportunity:

The City of Dauphin has an immediate opening for the position of Draftsperson. Reporting to the Engineering Technologist, this in-scope, full time position is responsible for the design drafting of municipal works including preliminary construction, as-built drawings and drawings or sketches as required.

The Person:

The successful candidate must have excellent communication and interpersonal skills and must have successfully completed the Municipal Technology Diploma program or a similar type of post secondary education. The successful candidate must have experience in using and maintaining Computer Aided Drafting and GIS with two years combined experience.

The Compensation:

The City of Dauphin offers a comprehensive wage and benefits plan. The wage scale for the Draftsperson position is starting at \$17.19 per hour increasing to \$18.83 per hour after 24 months. The benefits package, as contained in its Collective Agreement with the Canadian Union of Public Employees—Local 857, currently includes extended medical and dental coverage, out of country medical insurance, life insurance, long-term disability insurance and participation in a very attractive defined benefits pension plan, administered by the Manitoba Employee Benefits Program.

This position will remain open until filled. Interested applicants are asked to submit their resume and references IN CONFIDENCE to:
